

2008 MONDAY NIGHT CAPTAINS'

INFORMATION & FIELD PERMITS

Clean Fields

Clean Toronto

As you are the responsible representative of your team, please remind your players that we need their help in helping us to keep our fields clean.

Please clean up any garbage around the fields after each of your games and remember that what ever came to the field with you, leaves with you.

Thanks for your help in keeping Ultimate a clean game played on clean fields

TORONTO ULTIMATE CLUB

Playing With Spirit - Overview

Spirit of the Game' is a fundamental guiding concept of ultimate Frisbee, and its widespread practice has facilitated the thriving of the sport as a fair and fun competition.

The TUC leadership has placed a strong emphasis on the upholding of exemplary standards for individual and team spirit, despite rapid growth and a player base of increasingly variable levels. Towards achievement of this goal, TUC has now implemented a Spirit Chair Committee, the Chair of which will communicate directly with the League GM to monitor Spirit issues, and to investigate new ways to infuse Spirit into the TUC experience.

Impacting individual spirit from a third-party position is a challenging task. Towards this goal, the following actions have been implemented, or are under consideration for implementation, into the forthcoming season. Strong emphases are placed on the direct communication to beginner players of Spirit standards, on a more responsible grading system, and on an improved monitoring and management of trouble teams and players.

- incorporation of Spirit into pre-season TUC skills clinics. We anticipate that 90 minute skills clinics will now dedicate 75min to skills development and 15 minutes to Spirit discussion. Attendance at skills clinics by new players and teams will be encouraged via direct communication.
- modification of the spirit scoring system from our historical 5-point grading to a 10-point grading, to facilitate the provision of more comprehensive and less subjective feedback for the league and teams. Furthermore, team captains will be encouraged to delegate spirit scoring responsibilities to their co-captains. TUC perceives that a division of responsibilities will facilitate a more dedicated team reporting.
- teams of consistently poor Spirit will be identified prior to each of the mid-season and season-ending tournaments. Tournament entry will be conditional on a brief meeting with both the TUC GM and Spirit Chair. In addition, teams of consistently poor Spirit may be asked to attend one of several 'Spirit Mentoring' clinics, which will be held intermittently throughout the summer months.
- implementation of sanctions for teams whose players perform particularly unspirited or dangerous actions on the field of play.
- reinforcement of positive spirit by recognition and rewarding of highly-spirited teams.
In 2008, Steam Whistle Pilsner for top spirited teams!!!
- acquisition of video footage of examples of positive and negative spirit, which will serve to facilitate education of 'Spirit of the Game'.

See the next page for S.O.T.G. – A How to Guide

Spirit of the Game – A How to Guide

Some players say that it is easy to play with Spirit – all you have to do is follow the rules. But SOTG (Spirit Of The Game) is way more than this, and is quite difficult to do all the time. Here is a list of 5 steps needed to fully play with Spirit. Each step is challenging, but Step 4 is by far the hardest.

Step 1. I will try not to break the rules

- I will try not to drag my pivot foot when I pivot (travel)
- I will try not to cross the goal line before the pull (offside)
- I will try not to cause significant impact when going for the disc (foul)
- I will try not to count faster than 1 second intervals (fast count)

Step 1 is absolutely necessary before you can go to Step 2.

Step 2. I will not allow myself to get away with breaking the rules

- If I realize that I've dragged my foot to pivot around a marker, I will not throw since I would have gained an advantage. Instead I will pivot back to my original position and ensure that both the marker and myself are in legal positions before continuing the play
- If I cross the goal line before the pull, I will take a few slow steps before going into a sprint to nullify the advantage I might have gotten
- If I foul someone, I will call the foul on myself
- If I start the count too fast, I will stop counting for a few seconds to nullify the advantage

Step 3. I will encourage my teammates to follow steps 1 & 2. I will tell them when I think they are not.

- A teammate always travels when they throw a hammer. Tell them, and follow through by helping them practice throwing legally
- My teammates often cross the line before the pull is released. Ask them to "hold the line" when your team is pulling
- Your teammate fouls an opponent hard and decides to contest. Talk to this teammate; say something like: "Wow, that was a hard hit, maybe you shouldn't contest"
- Call fast count if your teammate is counting to quickly. It might surprise your opponents, but they will probably appreciate it

Step 4. I will believe that ALL players (myself, my teammates, and my opponents) are doing their best to follow steps 1, 2, and 3

- I never travel, but the person marking me indicates that I traveled on my pivot. I get the disc back and make smaller pivots to avoid whatever it was that my opponent saw. After the game, I ask him or her to show me what it was that I was doing that they believe constitutes a travel.
- My opponents occasionally get 10 or 15 yards across the line before they pull. I kindly ask their captain to check this and to mention it to his/her teammates. He/she does and their team is much better about offsides for the rest of the game.
- The person marking me slaps my arm every time I pivot. I ask him to be more careful and/or I call a foul. We both try to be more careful – he doesn't mark so close, and I don't reach out so far on my throws

Step 5. I will accept that different perspectives will see different outcomes

Step 5 doesn't work unless you believe Step 4. Even when you believe step 4 there will still be disagreements. Line calls are a perfect example of differing opinions on the field. A player catches a disc close the side line – in or out? Sometimes these calls can be very close. Even with linesmen and professional referees (e.g. pro football), line calls are sometimes unclear.

- I catch a disc on the sideline and I'm 100% sure I was in, my opponent with equal perspective is 100% sure I was out. Since I accept Step 4, I *have* to believe that the opponent really saw that I was out – he saw something different than I did. Since I *know* I was in and he *knows* I was out (and neither of us is breaking the rules) it must be too close to call. The Rules of Ultimate include a solution for this situation: disc back to the thrower – Play On!!!

John C Harris

"Spirit of the Game" – Always play with Spirit!

Code of Conduct

1) I will play with Spirit.

I will always play fair and abide by the rules of the game. I truly believe that all my opponents are doing likewise. Therefore, rule infractions are the result of ignorance or accident, not malice, and can be easily and quickly corrected. I understand that everyone on the playing field will have a different perspective on a play and I will defer to the player with the 'best' perspective when the outcome of a play is in doubt. If I disagree with a foul called against me, I will merely say "I contest" -- the play is repeated and the game will go on.

2) I will respect my teammates & opponents.

I will be on time for my game. If my team cannot make it to the field by game time, we will notify our opponent in advance. If we don't have enough players, I will not expect the other team to match our line-up, either in number or gender ratio. I will abide by any rule changes agreed to by both captains before the game. During the game, I will always be courteous and will refrain from swearing. If I have issues with my opponents, I will let my team captain straighten them out

I will always try to avoid physical contact with other players. I understand that "I was going for the disc" is NEVER a valid excuse for initiating contact with another player. I will never engage in dangerous play. I understand that incidents of dangerous play will be investigated and offenders will face suspension from the league. I understand that anyone involved in a fight will be expelled from the club.

3) I will respect other users of the park.

I am the public face of the sport of Ultimate and of the Toronto Ultimate Club and I will conduct myself accordingly. By my actions, both on and off the field, I will demonstrate to the public that "spirit of the game" distinguishes Ultimate from other sports.

I will be courteous to other users of the park. I will be proactive in redirecting a non-player who might cross the playing field during a game, rather than cursing or shouting at him/her after they step onto the field. I am a guest in their neighbourhood. I will not urinate in public. If I bring my dog to the game, I will maintain control of it at ALL times and will clean up after it. I will NOT allow it to run freely onto the playing field or to accost passers-by. I understand that if my actions, or those of my teammates, jeopardize TUC's access to field permits, my team faces suspension from the league, and perhaps even expulsion without refund.

4) I will respect the sport of Ultimate.

I will learn the rules of Ultimate so that I can abide by them. I will always bring a rulebook to the game so that I may have a guide on how to deal with situations on the field that I have not previously encountered. I understand that the "captain's clause" allows for variations and simplifications in the rules, but these must be agreed on prior to the start of the game. I understand that the absence of referees and the flexibility allowed by the captain's clause does not justify "anything is acceptable" or "let's just ignore that rule and play" behaviour. In disagreements, I will defer to a more knowledgeable player. I understand that if a situation arises where nobody knows what to do, the fairest thing to do is repeat the play.

5) I will respect the playing field.

I understand that playing fields are a critical resource and require protection. I will not risk damage to a field by playing on it when it is wet and soft. I understand that fields are most vulnerable in spring and will stay off them until the ground is sufficiently dry. I will not litter. I will check the playing field for garbage and other hazards before my game starts. I will leave the field in better condition than when I arrived by picking up garbage left behind by others and, if necessary, filling in holes. I understand that if my actions, or those of my teammates, jeopardize TUC's access to field permits, my team faces suspension from the league, and perhaps even expulsion without refund.

6) I will abide by all TUC policies.

Membership in the Toronto Ultimate Club confers some rights and privileges, but also certain responsibilities. Actions which are disruptive to the club or which infringe upon the rights and privileges of other members will result in the withdrawal of privileges or perhaps expulsion from the club.

As a member of the Toronto Ultimate Club, I agree to abide by all club policies. I understand that these policies are there for the benefit of all members, including myself, and address a variety of issues such as community relations, player safety, spirit of the game, and league structure & administration. I understand that violations of these policies will be investigated and disciplinary measures will be applied to my team.

In the interest of player safety, I will not play during bad weather (i.e. lightning storms, heavy rain) and will not engage in dangerous play or physical altercations. In the interest of protecting fields, I will not play on a soft or soggy field. In the interest of maintaining good community relations, I will not consume alcohol or recreational drugs at the field, nor will I urinate in public, litter, or allow my dog to run free except in off-leash areas. I will abide by all league rules, especially those concerning registration and playoff eligibility. If, after due process, I or my teammates are found in violation of one of these policies, I will accept TUC's disciplinary actions, which may include suspensions and/or expulsion from the league and/or the club.

7) I will inform TUC of game related problems and opportunities.

I will communicate to TUC any problems or issues my team and I encounter so that they may be dealt with and the club improved. I understand that TUC will only investigate and deal with problems that have been formally reported via the on-line Incident Reports or result from low reported spirit scores. I will report issues related to "spirit of the game" (e.g. dangerous play, fights, defaults). I will report field problems (e.g. holes, garbage, permit conflicts with other groups) and will advise TUC of unused greenspace so that TUC can expand its field inventory. I will report injuries suffered during the course of my game.

TUC Discipline Policy

In order to deal fairly and transparently with incidents of poor spirit, overly aggressive play and other problems, this discipline policy has been developed for TUC league teams and players. The overriding objectives are to maintain a fun & safe atmosphere at all games and to maintain good relationships with our field providers and the public. Participation in a TUC league or tournament signifies acceptance of this policy. This policy complements the "Code of Conduct" and applies whenever you are representing TUC, which means the whole time you are at the playing field -- before, during & after your game.

There are several guiding principles. First, when discipline is warranted, the actions undertaken must be objective, noticeable & timely. This means that incidents will be investigated & resolved before the next league game and if sanctions are applied, they will be published to everyone concerned. Second, teams are collectively responsible for the actions of their members and, if warranted, sanctions will generally be applied to the whole team. This means that each team captain should choose his/her teammates with care and ensure that all are aware of the "Code of Conduct". Repeat offenders will be dealt with more harshly than first time offenders given their full awareness and understanding of the implications. Third, very serious incidents, as specified below, will result in immediate expulsion.

Captain's Responsibilities

1. Team captains must:
 - bring the captain's handbook to each league game
 - know the rules of Ultimate and bring the rulebook to each game
 - understand the TUC policies outlined here and ensure that their teammates are aware of them
 - meet with the opposing captain before each game to clarify rules (captain's clause) and other issues which may become problems
 - take action immediately to defuse the situation upon becoming aware that tensions are rising
 - in their absence, appoint a Co-Captain to administer the above responsibilities
2. It is the responsibility of team captains to report incidents of poor spirit and dangerous play to their league convenor (tournament director) as soon as possible using the on-line "Incident Report" (in-person). Unreported problems will not be investigated or resolved.

Poor Spirit & Dangerous Play

3. Offensive and/or unsportsmanlike conduct, (e.g. taunting, name calling, swearing, issuing threats) will not be tolerated. Overly aggressive and/or rough play (e.g. intimidation, charging into stationary players, repeated fouls) will not be tolerated either. If reports of such behaviour are received and found to be valid, the following steps will be taken:
 - First report - player and/or team receives a formal written (or email) warning
 - Second report - player and team receive a second warning and the game in which the incident occurred is forfeited
 - Third report – player and/or team is suspended from TUC league(s) and event(s), per the discretion of the General Manager. Player and/or team can also be expelled from TUC by a special meeting of the general membership, as called by the Board of Directors. The names of players and teams expelled will be listed on the TUC website.

The Toronto Ultimate Club reserves the right to suspend or expel a player or team from the Club (league) without prior warning and without a refund.

4. Anyone who throws a punch or is involved in a fight, whether as instigator or retaliator, will be suspended from the Club (league) immediately without refund and considered for expulsion. Additional sanctions may be applied to the instigator's team.
5. Dangerous Play may also include the playing of a game with an exposed and bleeding wound. Failure to leave the field and properly bandage the wound before returning is considered dangerous play. Furthermore continued play after a serious injury (i.e. large cuts, shortness of breath, heavy blow to the head) with the expressed concern of teammates and opponents, is also considered dangerous play.

Public Conduct

6. Any team involved in an incident, which results in the loss of a field permit, will be suspended from the Club (league) without refund and considered for expulsion. Such incidents will most likely involve complaints by the public in regards to improperly parked cars, excessive noise, drinking alcohol, loose dogs, rudeness, and urinating in public.
7. The consumption of alcohol and recreational drugs is NOT allowed at the fields, whether before, during or after a game. Any team involved in such an incident will be suspended from the Club (league). Repeated incidences will be considered for expulsion.
8. Be considerate of the playing field. For your team's safety, pick up all trash before the game, especially shredded cans, broken bottles & sticks. Before leaving, make sure that both teams have cleaned up their sidelines and "stooped & scooped" (if appropriate).
9. Teams, which play on an unauthorized field, will be suspended for one game on the first offence and expelled from the league on the second offence. Regardless of whether or not TUC has obtained a field permit, you are playing on an unauthorized field if:
 - the ground is so soft/soggy that playing will ruin the field; or
 - the league convenor has officially cancelled the game in accordance with the rain policy; or
 - the property owner has prohibited TUC from using the field or green space.

League Issues

10. Default: Teams that default twice in a season without reasonable notice will be suspended from the league without refund. To avoid a default, it is merely necessary to notify the opposing captain in advance that you cannot field a full team for the game and ask to reschedule it at a later time.

Definition of Terms

11. Suspension: a player or team that is suspended will not be eligible to participate in any TUC leagues, events, or programs for a period of time as defined by the General Manager and/or Board of Directors. Should the time period extend to the end of the membership year the suspended player or team must seek Club approval to renew their membership.
12. Expulsion: a player or team that is expelled is no longer eligible to participate in any TUC leagues, events, or programs.

Fields Considerations for 2008

The Toronto Ultimate Club prides itself on being a community-minded Club that respects its fields and the communities surrounding them. ***The permits that we have can be taken away!*** Residents in the areas of the fields do complain if things happen that they don't like, and the city listens to them. TUC has been previously banned from certain sites because of such complaints, but also reinstated or given priority status on certain fields because of good behaviour. Let's all do our best to continue the TUC reputation of good stewardship and respect towards our city fields – it goes a long way! Please read the following field considerations:

- **Cricket Fields (Sunnybrook/Fergy Brown/G. Ross Lord)** – Please do not sit, stand, or place any items on the bowling pitches in the middle of the cricket fields! Cricket players are very particular to this and out of respect for them, as well as our standing with the City on these fields, **PLEASE STAY OFF OF THE BOWLING PITCH SURFACES** on these fields.
- **Sunnybrook Hockey Fields** – our League field setup on the hockey fields at Sunnybrook this year will be the same as 2007 – games in the Field Hockey space are setup in a WEST-EAST direction. TUC games will be played on the western half of the field hockey space, with 3 games taking place each night – the north field is Hockey #1, middle field is Hockey #2, south field is Hockey #3. Please be sure to check our map on the Field List and setup fields accordingly. We are sharing with other permit groups so please be mindful of their space.
- **BMO Field** – access the venue via Gate 4 on the west side of the stadium. Change rooms are available in the lobby area but are general access so don't leave anything behind! No large food items or sugared beverages are permitted. It is imperative that no litter is left behind and you are off the field by your scheduled time. No pets or bicycles permitted inside the venue.
- **Varsity Stadium** – access the venue via the Bloor Street entrance. Please be mindful of permit users on other parts of the facility (ie. the track). Change rooms are available in the concourse area but are general access so don't leave anything behind! No large food items or sugared beverages are permitted. It is imperative that no litter is left behind and you are off the field by your scheduled time. No pets or bicycles permitted inside the venue.
- **Birchmount Stadium** – access the venue via the west entrance. Change rooms are not accessible. No large food items or sugared beverages permitted.
- **Downsview Park *new* fields** – No large food items or sugared beverages are permitted. It is imperative that no litter is left behind and you are off the field by your scheduled time.
- **Marilyn Bell Park** – DO NOT attempt to park in the maintenance driveway adjacent to the field. There is a small parking lot south of the field located behind the tennis courts. Only problem is you need to be heading west-bound on the Lakeshore. Alternative parking option is just north of the Lakeshore off of Jameson and walk to field over Jameson bridge.
- **Keeleedale Park diamond**: please park in Keeleedale Park off of the south side of Eglinton and walk around to the park (via Eglinton).
- **Sir William Osler** – please note this school is a special needs school and there are no litter bins at the field. Litter left behind attracts wasps and hornets, which has been a big problem at this school. Please do not leave ANY litter behind.
- **St. Catharine CS & HumberSide CI** – please note these schools are accessed via a locked gate. The gate **MUST BE LOCKED** at the conclusion of all TUC games. Keys to the gate can be obtained from the TUC office.
- **Unpermitted Fields**: On an unpermitted field, all levels of respect apply ten-fold. If you are poaching a field complaints about us using them could get us a REALLY bad reputation with the permitting groups. If you are on an unpermitted field, show up early to stake out your claim. If someone does show up with a permit, don't fight it. Apologize and give them their field. Then either find another space to play on or reschedule the game for another date.

Remember to....	Please Don't...
BRING COPY OF PERMITS TO YOUR GAMES WITH YOU	pee in the bushes, against the sides of houses, in the end zone, etc
check the Field List on the TUC web site for driving & transit directions	block driveways with your parked car
follow the TUC Foul Weather Policy	try to access school buildings for any reason (washroom, injury)
call the TUC Weather Hotline 416.426.7432 on poor weather days	drink alcoholic beverages on site – go to the bar after your game!
contact your opposing team captain asap if your team cannot field a roster by the start of the game (6:30pm scheduled start time)	yell at people if they walk in the middle of your field during a game. Be polite and respectful.
notify your Convenor immediately if a game is postponed or rescheduled (as agreed upon by both captains). Report defaults.	play games that are cancelled by the TUC GM or Summer League Convenors
report your game score and Spirit score on Leaguerunner as soon as possible after the game.	leave your teammates stranded in your absence. Assign a co-captain to administer your duties when you are away!

Disclaimer:

The Estimated Total Amount cost is subject to change as a result of the use of the facility. No adjustments to the conditions of this permit will be made on the day of the scheduled event. The permit holder, during the period of use, will be responsible for any fee charged by a municipality or fire department for false alarm due to a malicious act.

Sunnybrook Park Rental Contract / Permit

Contract #: 810156
Date: Apr 07, 2008

User: ebiniol1
Status: Firm

Parks, Forestry & Recreation, 100 Queen Street West hereby grants Toronto Ultimate Club - Adult (hereinafter called the "Licensee") represented by Jason Robinson, permission to use the Facilities as outlined, subject to the Terms and Conditions of this Agreement contained herein and attached hereto all of which form part of this Agreement.

- i) Purpose of Use** Frisbee Ultimate Frisbee Games
- ii) Conditions of Use** Rates identified on this permit are subject to change based on City Council direction. When field conditions are such that, in the opinion of the Parks staff on site or Permit Holder in the absence of staff, use would result in injury to the participants or cause damage to the field, then use should be cancelled. There are no refunds for rainouts.
All waste and recyclables must be placed in appropriate containers. If such containers are not available, Permit Holder agrees to remove any waste and/or recyclable materials at their own cost.
- iii) Date and Times of Use** # of Bookings: 20 Starting: May 19, 2008 Expected: 0
Ending: Sep 04, 2008
