Captain's Roles and Duties Page

–<http://www.tuc.org/Leagues/Captains-Roles-and-Duties>

Team captains must:

- Make sure that all team players are registered TUC members and on your roster! (new players who join the team part-way through should be members by their 3rd game)
- bring the captain's handbook to each league game
- know the rules of Ultimate (11th Edition) and bring the rulebook to each game
- understand the TUC policies outlined and ensure that teammates are aware of them
- work with the other captain to make the proper call during inclement weather (continue playing, play last point and record score, or call the game and reschedule)
- provide reasonable notice to the opposing team if you have no choice but to default
- take action immediately to defuse the situation upon becoming aware that tensions are rising - SPIRIT COMES BEFORE WINNING
- enter scores immediately after each game, including SOTG score & nominations
- in your absence, appoint a Co-Captain to administer the above responsibilities

SCHEDULES

- First game will be posted Fri-Sat, next week we post games 2 & 3
- We will try to always have your next two games posted in advance
- REPORT YOUR SCORES! They impact the schedule.
- Time caps in schedule
- Flex weeks for cancelations
- Victoria, Civic, & Labour Day Holidays – Games are scheduled
- Watch for LATER start times at premier fields!

RAIN CANCELLATIONS

- Every day we will update The TUC Rain Banner at the top of the website, tweet (@torontoultime) and post on our facebook page the status of our games for that day:
 - Posted around 3:30pm (usually 3:30 – 3:45).
 - If posted late or not at all, assume games are on!
- When in doubt, go to the field!
- Games cancelled by TUC are not to be played. This is NOT optional. Teams choosing to play when games are cancelled may be sanctioned.
- Turf field games still a go, will be confirmed on website
- Why are games cancelled?

FIELDS IN 2012

- See TUC Field List for fields and divisions. Note certain fields are available only on certain nights.
- Fields are distributed fairly across divisions. We already know that you want to play downtown/near a subway line/on premier fields!
- Requests for very lesser desired fields (i.e. northeast) are feasible.
- Accept what you get. If you start with a few 'bad' ones, chances are good ones will follow and vice versa – it will all even out in the end. Everyone gets their share of both.
- Read your field instructions and adhere to them
- Use field map features and permit links
